

Mechanical Breakdown Inspections

We specialize in evaluating automobile mechanical component failures to determine the cause and extent of the damage. All inspections include high quality digital photographs of the vehicle, VIN, odometer, modifications, and failures. All documentation and photographs supporting the claim can be viewed on our web site. To ensure accuracy we utilize ASE certified inspectors.

CarInspector.us

Who are we?

- Since 1996 Car-Inspector.com (now carinspector.us) has been performing mechanical breakdown inspections in the southeastern states.
- Our offices are located in Warrenton, GA, a few miles west of Augusta.
- Today we have a network of more than 700 inspectors and perform inspections throughout the U.S. and Canada.

What do we do?

- CarInspector.us provides mechanical expertise through inspections and verifications of mechanical failures for mechanical service contracts and the insurance industry.

How do we do it?

- We assign inspection requests immediately upon receipt.
- The inspector then contacts the repair facility to ensure the vehicle is ready for inspection.
- A verbal report is issued from the repair facility, followed by a typed report and digital photographs.
- All reports are available on our website and archived for easy retrieval.

Why do we do it?

- To ensure prompt accurate claims adjudication.

Paint Condition Inspections

We have experts throughout the U.S. and Canada evaluating the condition of automotive paint defects to help you determine if the defect is eligible for repair under the provisions of your warranty. This is a valuable service to you because we act as an impartial third party ensuring that the paint claim is handled in a manner that is fair to you and your customer!

Pre-Warranty Pre-Purchase

Purchasing or underwriting a used vehicle can be a huge risk. We can perform a thorough inspection of the vehicle to help minimize that risk. Our inspectors are mechanical experts and can find underlying mechanical issues that the lay person will likely overlook. If you are looking for peace of mind, you are looking for:

CarInspector.us

Physical Damage Inspections

We also have several other inspection programs. We perform physical damage inspections on cars, trucks, recreational vehicles, motorcycles, ATV's, and watercraft. We do not advise as to the value of the vehicle or the cost of repairs, but we do document the extent of damage. We also can perform an analysis on the braking, suspension, and steering components to determine if they were a causal factor in the collision.

Forensic Inspections

Thousands of lawsuits are filed daily against auto manufacturers, car dealerships, repair facilities, insurers, and other automotive professionals. We offer non-intrusive inspections to evaluate the legitimacy of the claim. A written report is generated, along with digital photographs, relaying our impartial findings. This is an invaluable service to attorneys and auto related businesses in determining whether or not to proceed with litigation.

Expert Witnesses

All of our inspection services have the potential to go to litigation. Our inspectors are experts in their fields and are accustomed to appearing in court and arbitration hearings as expert witnesses. If you are in need of expert services, you are in need of :
